### ANNOUNCEMENT

Due to a trading department over-expansion we are  
temporarily not buying the following issues:  
BIG C PUGET PARKS VOSS OIL PENBERTHY

Signed, John Packo

PS Mr. Ed Badgley is deer hunting so he won't buy  
them either.

At Pacific Northwest which we all know well,  
Are four good men who work like hell;  
But if sometimes confusion reigns supreme,  
And sounds of erudition change to a scream,  
The reason for all this is easily found,  
Homer and Larry are not around;  
Without these two suave and able men,  
The place becomes a roaring den.  
With these two gone to conventions & such,  
Bob Hendries still quotes em and ends with "thanks  
much.

And Roger with his own deals is having a ball,  
Saying, it's necessary, if I'm going to retire next  
fall.
